

I am writing to urge the FCC not to displace FM translators with LPFM. I listen to K-LOVE which in my area is available on 88.9 FM. K-LOVE is a vital part of my everyday life and is a tremendous service to the community. As a Christian it provides access to information and music that is very important not only to me and my family but also to the community at large. If this station were displaced by and LPFM it would be a tremendous disservice to our community and to a station that is heard by millions of listeners around the United States. K-LOVE is the sole reason I listen to the radio and has been a great encouragement with the clean, wholesome commercial free music and information it provides. Frankly I would not be interested at all in another LPFM station providing programming of any kind. K-LOVE is a part of my life and the life of many in my community. Thanks for your time and attention.
